Additional Microwaves in Bruton Greer

Proposed: 02/26/2020

Sponsors: Treasurer Nailah Bowen

Description

Due to the consensus from the student body that additional microwaves would be beneficial, this proposal asks for funding for two additional microwaves in Bruton Greer. There is high demand for the microwaves that we currently have and a line begins to form at noon every day in order to use those microwaves.

Depending on feedback from the SBA general body, the additional microwaves would be stored in the commons or on the second floor of Bruton Greer.

Effective date

Provided that there is administrative approval, this proposal will be effective upon being approved on third reading by the SBA.

Statement of Purpose

SBA should serve as an agent to resolve communal problems with efficient solutions. Providing additional microwaves is an effective way to resolve concerns that have been brought to the general body.

This funding request supports the following portion of Article II of the SBA Constitution:

- I. Sponsor and maintain such services and activities as may be deemed beneficial to UF Law and its students.

Funding Requested

Based on microwaves sold on Amazon, microwaves cost approximately \$60-\$100. Therefore to account for uncertainties and changes in price depending on where the microwaves are bought, this proposal requests funding in the amount of \$200.00 for two microwaves.
